Seen Sirs

Letter no D2 c. 101/5 L-53 & 16/4/55 from the chairman, Nyasa Tract Board regarding the sub-estimate for Rs. 11,000 for lining S W lines to the roadside in Eriga Valley

Another letter no A5. C; 12/55 56 & 19-4-55 from the same office regarding the purchase of S W. materials for the above work.

1) The letter & 16-4-55 (page 1) regarding the estimate for Rs 11,000-0 is submitted for perusal the S. W materials costing Rs 3,365/- referred to in the chairman's letter & 19-4-55 (page 8) are proposed to be purchased for the same work It is not known why the chairman has made a separate reference to purchase these materials, when he has sent an estimate for the work, which perhaps includes provision towards the cost of materials for the work the chief Engineer may be requested to scrutinise the estimate for Rs 11,000 and furnish his remarks whether provision is not made in this estimate for the S W materials required and whether it is necessary to give a separate sanction to the purchase of materials, besides sanction

(27) The opinion of the Executive Engineer, Mysore Trust Board may be called for on this first in the first instance. It appears that the procedure in vogue in the P.W.D. is being followed by the Government Trust Boards of Mysore & Bangalore. In Mysore Trust Board also a limit for the purchase of stores is sanctioned: if the limit exceeds the sanctioned provision, the Board has to get the approval of Govt. In this case, it is not the power of the Board to purchase stores, the question is whether it is necessary to accord sanction to the materials purchased, when provision is made in the sanctioned estimate for the purchase of materials.

28) The portion marked "A" in Para 25 gives a reply to the doubt raised at "B" in Para 27. As this procedure is in vogue in the P.W.D. sanction may be accorded to purchase the materials worth Rs 3365. I have also given my opinion at Para 23

SIR,

Subject : Northern outfall works in Mysore City - Sub estimate for Rs.11,000/- for linking 6" S.W.line to the north of Rampart Wall Road and West of Asoka Road to the Manhole in Ediga Valley.

In continuation of this office letter of even No. dated 10-1-1955 on the above subject, I write to forward herewith an estimate for Rs.11,000/- for the above work, as approved by the Trust Board in resolution No.393 dated 23-2-1955 and to state that it is proposed to link the existing open sewer line to the west of Asoka Road (in front of the Mysore Jail) to the 22nd Manhole of Ediga Valley. At present, the sewer is flowing in the open drain and is led to the valley by the side. Hence it is necessary to lead this sewage water to the main outfall of Ediga Valley which is under execution, and also this will be helpful for linking the underground drainage connections of the quarters in front of Jail and surrounding area to the main outfall. The cost of this work will be met under the general savings of the main outfall estimate sanctioned in G.O.No.L.14007-12/ITB.18-52-19 dated 29/30-1-1954 for Rs.6,00,000/- The rates provided for in the above sub estimate are as per accepted tendered rates for the northern outfall works and for non-tendered items, current schedule rates have been proivded for.

x
put up with D.M 8265 54-55

Pending modification of the main sanctioned estimate, I request you kindly to obtain and communicate the approval of the Government to the sub estimates and the estimates already submitted at a very early date.

Dated. 16th April *195* 5.

Report to accompany the estimate for Rs.11,000/- for linking 6" S.W.pipeline to the north of Rampart Wall Road and West of Asoka Road to the main outfall in Ediga Valley.

It has been proposed to link the open sewer line running to the west of Asoka Road and in front of the Jail to the 22nd manhole of Ediga valley. Now at present, the sewer is flowing in the open drain and is dropped to the valley by the side Hence, it is necessary to lead this sewer water to the main outfall of ediga valley which is under execution. Further, by taking this line, it will be helpful to link the underground drainage connections of the quarters in front of the Jail and surrounding area to the main outfall. So an estimate for Rs.11,000/- has been prepared making necessary provisions for all the items of work found necessary during execution. The cost of the same may be met out of the main northern outfall estimate of Rs.6 lakh treating this as a sub estimate. The necessary

ITB.14-55-35

SIR,

Subject : Northern outfall works - Mysore City. Sub Estimate for Rs.11,000/- for linking 6" subline to the north of Rampart wall and west of Asoka Road to the Manhole in Ediga valley.

With reference to your letter No.L.7847/I.T.B.14-55-25 dated 28-9-1955 on the above subject, I write to enclose herewith a statement of materials so far purchased for the northern outfall works, with the approval of Government. The number and date of the Government order is also noted therein. The purchase of additional quantities of materials for which sanction is now sought for is for the two supplemental estimates as noted below:-

1. Linking outlets near New Santhepet (Ediga West) with the main outfall of Yadavagiri valley;

2. Linking 6" S.W.line with the north of Rampart wall road and west of Asoka Road to the manhole in Ediga.

An estimate for Rs.11,000/- is sanctioned in G.O.No.L.6981-84/ITB.14-55-23 dated 10-9-1955 for Sl.No.2 above, and an estimate for Rs.13,100/- for Sl.No.1 above, is sent to Government in this office letter No. D2.C.101/52-53 dated 10-1-1955 for sanction and orders are awaited. The cost of the materials for the above works is provided in the concerned estimates

page(10) (para)

Specific sanction of Government for purchase of materials is necessary separately evan though the cost thereof is provided for in the estimate as the same is required by the Audit office for purposes of preaudit of bills.

I am to state that no further materials are required for this work. I therefore request orders of Government for the purchase of the materials
